JAPAN TECHNOLOGY

DANCING STONE COMPONENT MADE BY CROSSFOR

- Patented technology made in Japan By Crossfor Co Ltd (www.crossfor.com)
- Our component allows the center stone to continuously shimmer giving a twinkling effect
- Available in all sizes from 2.0mm upto 9mm and in Round & Fancy shape stones
- Made in Gold (14K, 18K, 22K), Silver (925), Platinum (900) & White, Yellow & Rose
- Patented product and hence an obliging contract will need to be signed
- We offer CAD, Production and QC training to our customers to achieve high quality

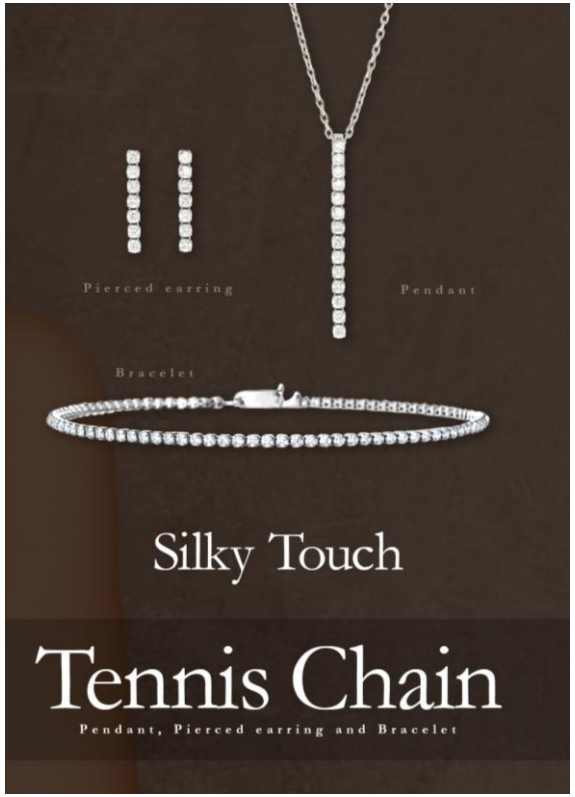
JAPAN TECHNOLOGY

SHIMMERING STONE COMPONENT
MADE BY CROSSFOR Crossfor®

- Patented technology made in Japan By Crossfor Co Ltd (www.crossfor.com)
- Our Component allows the center stone to continuously shimmer and is held with a single jump ring
- Same shinning effect as a drilled hole diamond without having to make the hole in the stone
- Available in all sizes from 3.0mm upto 5.7mm and in Round & Fancy shape stones
- Made in Gold (14K, 18K, 22K), Silver (925), Platinum (900) & White, Yellow & Rose

ULTRA LIGHT TENNIS CHAIN

ONLY 1.30 grams per 7 inches in 18Kt



- Ultra Light Tennis chain made using high end machine technology
- Used to create light weight jewelery like bracelets, pendants, earrings etc.
- Can set Diamonds, Color stones, and miracle plates in the mounting
- Flexible, Soft, Light weight, Durable and very comfortable to wear.
- Available in 1.5mm stone size and in 18K, 14K (White, Yellow, Rose) and Silver 925

JAPAN TECHNOLOGY

ADJUSTABLE BOLO CHAIN

One Size Fits All

- Size adjustable bolo chains without the use of jump ring adjusters
- One chain can be worn as an 18 Inch chain and shortened to a choker chain with the help of the adjuster.
- 1.5-2.3 gram of total weight per chain using our ultra light 3.0mm bolo extender
- 3 KG and up tensile strength test on all our chains
- 2000 pull test on our bolo's offer long life and durability for hassle free use
- Light weight and durable using technology imported from Japan
- Easy to wear and remove with the help of our holding plate
- Customizable charms at the end allow you to use the plate for logo inscription and hallmarking.
